

ISIS AND OSIRIS
Rise of Egypt

For two hundred thousand years hunters hunter,
gatherers gathered, they sometimes mated.
Then they became civilized and things went to hell.
This is why and how it happened.

The third book in the epic series
The Beginning of Civilization, A Possible Fantasy.

SYNOPSIS : The story of Dionysus and his Oceanid love continues as Dionysus flees his submerged country to Egypt with young Prince Djoser. Old jealousies have significant consequences resulting in Dionysus evolving into the crippled Osiris -- and Ariadne, the "Throne of Greece," coming down to straighten things out with the errant Lord Charon. A story of Biblical proportions. -- literally.

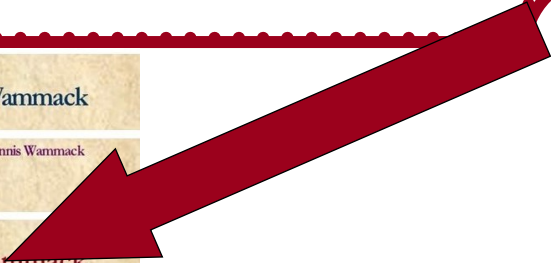

PREMISE: The story of Isis and Osiris is the greatest of the Egyptian foundation myths. It pulled together many Egyptian creation stories and united the lower and upper kingdoms with a common belief system. Surely, it must be a true story -- more or less.
